

## Materials & Consumables

### Stretch Film

The very nature of stretch film means that it can handle the majority of pallet load profiles while reducing labour costs and storage space. The stretch films we supply are safe to use and made of low energy materials.

### Strapping

A product prominent in our strapping range is our polypropylene strapping which offers significant advantages over conventional polyester strapping. It is ideal for non-linear applications, being lighter than polyester, offering a significant cost saving per linear metre.

### Detergents

#### Supersol & Supersol Pine

Heavy duty degreasing detergent generally used for removing road grime from plastic bins.

#### Pentroclene

Heavy duty alkaline detergent used to remove heavy build up of proteins.

#### UTEX

Natural Detergent used extensively in the chocolate industry for washing moulds. Can also be used on aluminium, it contains Polyphosphate and an additive called EDTA which prevents scale build up. This is a widely used, multi-purpose detergent.

#### BactiRinse

BactiRinse is a combined rinse aid and sanitiser. Will help components to dry by turning the droplet on the product into a smear of water, thus producing more surface area so the moisture will evaporate more readily.

## Service & Spares

**Goliath** undertakes all machine service works (both preventative and reactive) and would be happy to quote for a **Service Contract Proposal** to ensure that you get the best possible return on your investment.

For a competitive quote or if we can be of any assistance please don't hesitate to call our

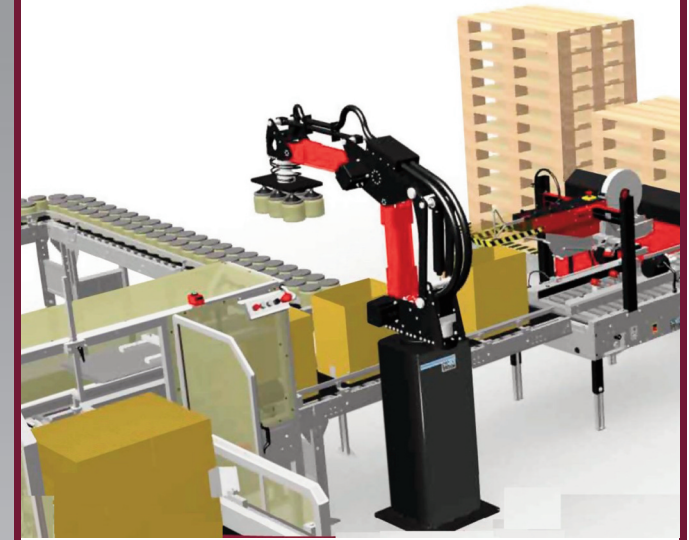

**Service Department**  
**067-37893 / 087-1222816**

# Goliath Packaging Systems - Product Range

## End of Line Automation

- Liquid Filling / Capping / Sealing
- Erecting / Case Packing / Bag in Box
- Cartoning / Sleeving / Loading
- Case Sealing / Conveying
- Labelling & Coding Systems
- X-Ray / Metal Detection
- Weighing Systems
- Palletising
- Stretch Wrapping / Strapping
- Shrink Wrapping
- Over Wrapping / Banding

## Materials Handling

- Pallet Trucks (Manual, Electric & Counter-balanced)
- Reel & Drum Lifting Systems
- Scissors & Vacuum Lifting
- Tipping & Tilting Systems
- Pallet Inverting / Exchange (Fixed, Mobile & In-line)
- Freezer Spacer Addition / Removal Systems
- AGV Transport Systems

## Industrial Washing

- Bottle, Glass, Tray, Crate, Bowl, Utensil, Apron, Box, Dolav, Pallet, Bin, Drum, Keg & IBC Washers
- Food & Pharma Systems
- Wash, Rinse & Drying Systems
- Detergent Dosing
- Auto Stacking & Destacking
