

Goliath End of Line Automation

Case Packer

SUPERPACKER SP600

Collates products and places these automatically into shipping cases or trays.

The machine is quickly adjustable to different packing configurations, this in combination with the heavy-duty design makes this a unique machine for many applications.

Features:

- Quick and easy size change
- Two-axis motion with single timing belt
- Touch screen display unit
- Compact design
- Optional stainless steel finish

Benefits:

- Maximum productivity and flexibility
- Lower maintenance cost (servo machine only)
- Provides easy change to different packing configuration
- Requires minimal floor space
- Clean and durable, preferred in food and other industries

Superpacker SP600 Options

- Tooling for additional products
- Stainless steel exterior finish
- All Stainless steel finish
- Dual or triple heads for higher speeds
